O. D. Bovinett Puts Finishing Touches On Huge Ski Jump

What a world of a difference a camera makes, although today I'm going to try to keep one from making a difference.

What I'm driving at is this: I can go out and pick up some unusual or interesting information taking only paper and pencil, and bring it back and put it out in this column. Then and there I have a column for the day.

But if I go out with paper and pencil and camera and get a picture that is good enough to run in The Daily Register, right then and there I have a news story and not a column because of the picture.

So I have shied away from pictures at times because by taking one I was knocking myself out of a column for the day. Get the point?

But today I'm going at things differently. I'm going to write a column about O. D. Bovinett, who lives nine miles west of Harrisburg on Route 13 in the community of Dallasania. Now take a look at the three-column picture that is in the columns adjacent to this effort. There stands Mr. Bovinett by his latest creation—a ski jump.

If anything is to be made out of metal, I guess Mr. Bovinett, who is electrician at Carmac mine, can make it. I saw samples of his work on a visit to his home Thursday.

His big project right now is putting the finishing touches on the huge ski jump that he has made for Lyle Lee and associates, who put on aquatic programs on the Ohio river and Crab Orchard lake. The group will be at Rosiclare July 4 and 5, and will have shows at Elizabethtown and Shawneetown on the Ohio and on Crab Orchard lake later and will appear on the lagoon at the Du Quoin state fair for several days.

The ski jump is 24 feet long by seven feet wide and the top is of fir, sanded and varnished with a marine varnish. It runs on two rubber-tired wheels.

Underneath are seven oil drums welded onto the framework to serve as buoys and hold up the jump. The jump is six feet high.

County Historical Society Meets At Equality July 6

The July meeting of the Saline County Historical society will be a potluck supper Tuesday, July 6, on the lawn of the elementary school in Equality.

The meeting will begin at 6:30 with a short tour of historic sites in the town.

Mrs. Walter Sutton will direct the discussion following the meal. Mrs. Sutton, a life-time resident of Equality, has made an intensive study of its history. She will be remembered by many members and friends through her appearances on programs throughout this area. She is much in demand by Women's clubs, churches, and other organizations because of her naturalistic and historic hobbies.

Thad McIntire, businessman, who has witnessed the economic transitions in Equality's history; Mrs. Ida Coyle, postmistress; David Beverly, businessman and descendant of Mr. Temple of Castle & Temple, will be present and aid Mrs. Sutton in telling the story of Equality.

This meeting promises to be one of the outstanding meetings of the year. Members will wish to attend and hear the story these people will tell about one of the very first settlements in this territory. Friends and all persons interested in history are extended a cordial invitation to attend. Equality residents are extended a special invitation.

Some of the topics for discussion are: Founding of Equality, Etienne Volney and the naming of Equality, Block House, Castle & Temple, Robinson Hill and Lincoln's Address, Early Businesses, etc.

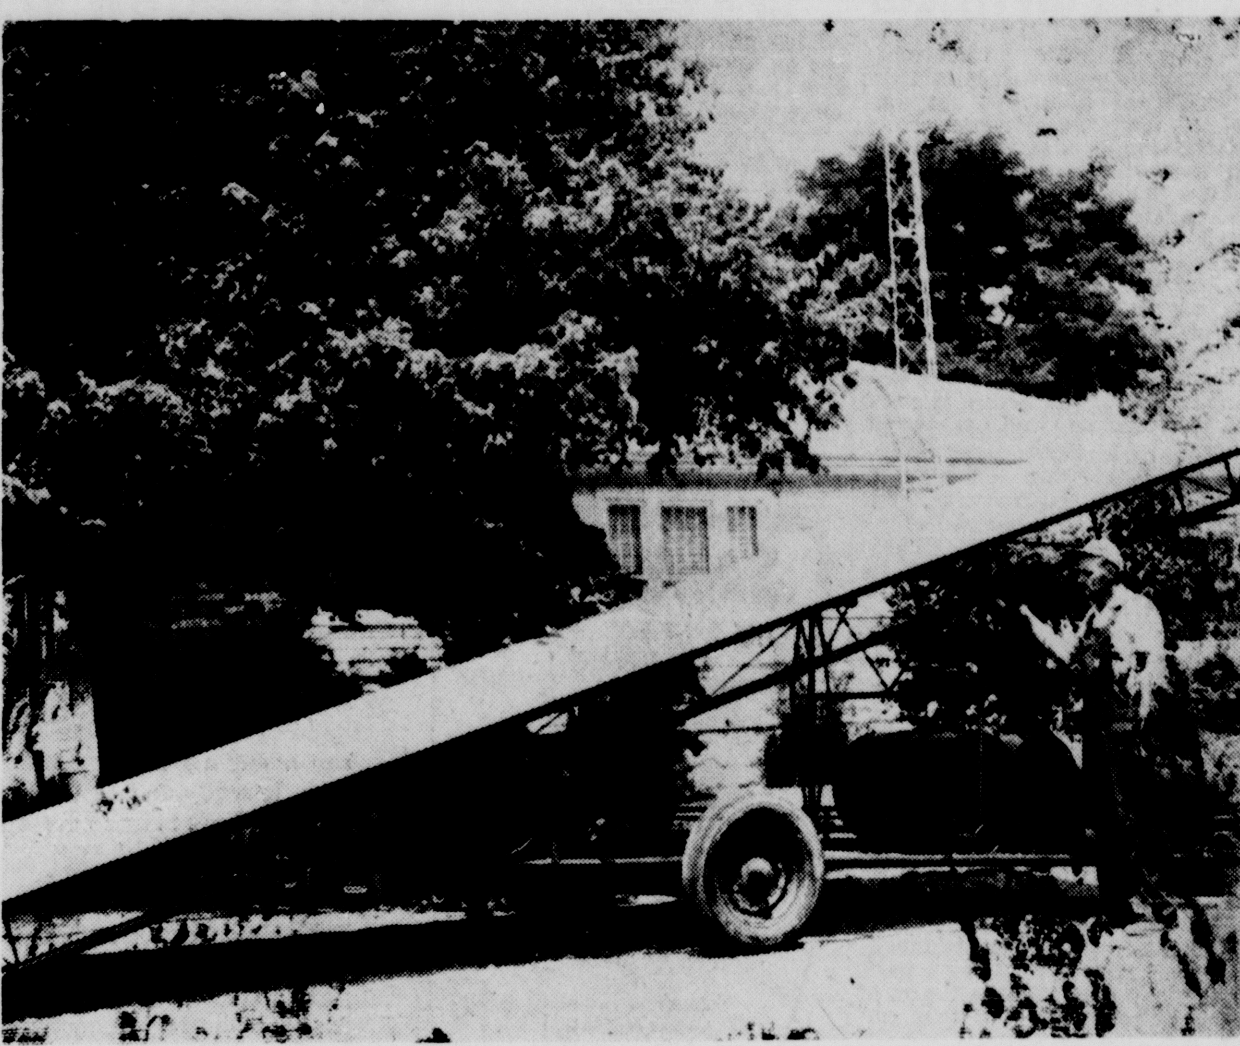

Mr. Prather, principal of the elementary school, has graciously consented for the society to use the school grounds for the meeting. Chairs will be furnished by the school. Please bring card tables on which to spread the supper as no tables are available.

There will be a meeting of the board of directors.

SALINE COUNTY OIL REPORT:

Oil Activity Picks Up; 24 Operations in County

By BOB SKEELS

Saline county is again picking up in oil activity with a total of 24 active operations, of which eight are wildcat tests. Three of these are more than four miles from other production which makes the county one of the most interesting spots in the Illinois Oil Basin this week.

Probably the wildest wildcat is the test being dug by Calvert Drilling three miles west of Harrisburg. It is the F. L. Fleming of Evansville, No. 1 D. Lewis, NW NE NE, 12-9-5c, drilling today below 2500. A drill stem test from 2342-72 opposite the Cypress sandstone recovered only five feet of drilling mud with no showing of any oil.

Calvert Drilling also has applied for a permit to drill a rank wildcat two miles straight south of Galatia on the J. Bona farm in 23-8-5c. Drilling will start as soon as the above well is completed.

Pure Oil of Oinev is drilling below surface casing on its No. 2 test on the E. S. Quick farm in the SE SE NE, of 5-8-5c, two miles northeast of Galatia, with D. B. Lesh's rotary tools of Mattoon. This wildcat is about two miles west of good production.

Collins Brothers are cleaning out and testing with cable tools on their No. 1 Paul Jones, NE SW NW, three miles east of Thompsonville in the northwest corner of the county. It is believed that a drill stem test of the McClosky line flowed clean oil when tested, but no information is being released.

Four miles northwest of Eldorado, in the newly developed oil field there, Calvert Drilling has set casing on its No. 2 Ben Davis, B lease, 2-8-5c to test the upper Cypress sand 2552-59 after drilling to a total depth of 2564.

In the same immediate area, Breuer and Robison are drilling below 1500 on their No. 2 Woodard Heirs, SW SW SE, 35-7-5c.

Production Test on Stelle Well, One mile north of Eldorado, the Carter Oil No. 3 Paul Turner, 13-8-7c is digging below 2050 feet with Herndon's rotary tools.

One-half mile northwest of Eldorado, Byron Rucker and Bud Rue have casing set on their Slow Heirs lease, No. 1, after drilling through the Aux Vases to a total depth of 2956. A drill stem test on the sand recovered 120 feet of gas, 180 feet of slight oil mixed mud with a bottom.

(Continued on Page Three)

One-half mile northwest of Eldorado, Byron Rucker and Bud Rue have casing set on their Slow Heirs lease, No. 1, after drilling through the Aux Vases to a total depth of 2956. A drill stem test on the sand recovered 120 feet of gas, 180 feet of slight oil mixed mud with a bottom.

WASHINGTON—(U)—The Agriculture Department announced state quotas Friday for the curtailed 55-million acre wheat crop it has authorized for next year.

The allotment—the minimum allowed by law—represents close to a 13 per cent cut in the 63-million acres planted in wheat this year. Agriculture Secretary Ezra T. Benson imposed the reduction because of record wheat supplies, now 79 per cent above normal.

All 48 states received an allotment, based on acreage of the past planting trends, weather and other factors. State quotas will be parceled out to counties and then broken down to individual farm levels.

The department held 165,000 acres in reserve to make additions to present allotments if required. Each farmer will know his own allowance before he votes July 23 on whether to accept acreage controls. He has the choice of abiding by the production curbs or forfeiting federal price supports for his crop.

Kansas, the nation's leading wheat producing state, received the largest allotment—10,496,070 acres, compared with 11,874,832 planted this year.

Following are other state acreage allotments compared with this year's planting:

Illinois, 1,355,667; 1,541,191; Indiana, 1,153,205; 1,324,318; Iowa, 138,040; 209,814; Kentucky, 205,572; 222,435.

Former Nazi Luftwaffe Inspector is Released on Parole

LANDSBERG, Germany (U)—Nazi Field Marshal Erhard Milch, 62, former inspector general of Adolf Hitler's Luftwaffe, has been released on parole from Landsberg War Crimes Prison, German officials disclosed today.

Probe Crash of Jet Loaded with Rockets; 4 Dead

UTICA, N. Y. (U)—Air Force officials ordered an investigation today into the crash of a jet fighter plane armed with more than 40 rockets which killed four persons when it crashed into an auto and two buildings.

The rocket-loaded F-94C Starfire was on a routine mission with another jet Friday when they were ordered by radio to investigate an unidentified plane, later found to be friendly.

On their return to Griffis Air Force Base, Rome, N. Y., fire broke out in the forward part of one of the Starfires and the pilot, Lt. William Atkins, 24, of Dutton, Va., and his radar operator, Lt. Henry F. Coudon Jr., 26, of Perryville, Md., bailed out.

The plane then crashed into one house, killing a young mother of three children, careened into an auto, killing its three occupants, and crashed into a second house. None of the plane's 40-odd rockets exploded.

Nixon Again Rips Democratic Foreign Policy

WASHINGTON (U)—Vice President Richard M. Nixon ripped into Democratic foreign policy again Friday night and said the Truman administration helped lose 600 million persons to the Communists.

He accused the past administration of adopting a "policy of surrender at the conference table."

Nixon's attack came as Democrats still were protesting vigorously his charge in a speech last Saturday that the fall of China and the Korean and Indo-Chinese wars were the result of the foreign policy of former secretary of state Dean Acheson.

In a recorded television interview Friday night, Nixon said that "when the Republicans took over we found in examining the previous policy that it was a policy of weakness." He declared that the Eisenhower administration has laid down "a policy of strength" that calls for the use of massive retaliatory power in event of war.

Lands Ike, Dulles

He added that President Eisenhower and Secretary of State John Foster Dulles are "the two men most capable by experience and background" of leading the free world to victory over the Communists without a war.

President Eisenhower was asked at his news conference last Thursday whether Nixon spoke for the Eisenhower administration in criticizing the Democrats. The President said Nixon normally reflects administration thinking. Mr. Eisenhower also said he had not read Nixon's Saturday speech.

Democrats charged that the vice president was threatening to wreck bipartisan cooperation in Congress or foreign policy.

Hamilton County Farmer Dies

Mike Smithpeters, 63, prominent Hamilton county farmer, who died Friday, will be buried Sunday at the L. O. O. F. cemetery. His funeral will be held at 2 p. m. at the General Baptist church at McLeansboro. The body lies in state at Gholson funeral home.

Farm Bloc Sees Little Hope for High Supports

Doubt Senate Will Reverse Eisenhower Victory in House

By United Press

Farm bloc leaders conceded today that the resounding House approval of the administration's flexible price support plan probably killed chances of extending high-level props.

They said there is little hope that the Senate, which is still to vote on the issue, can reverse President Eisenhower's House victory and salvage the 90 per cent of parity support program on basic crops.

The Senate, the leaders said, might still vote for the rigid high supports. But they believe the President's compromise flexible program, which would permit some lowering of support levels, will prevail in the final bill that goes to the White House.

Mr. Eisenhower won a smashing victory Friday when the House voted 228 to 170 to permit wheat, cotton, corn, peanuts and rice to pass under flexible price plan next year in which the support level could be regulated between 82½ and 90 per cent of parity.

The farm bloc, supported primarily by Democrats but only a few Republicans, went down the line for a one-year extension of the present mandatory 90 per cent of parity supports on the five crops.

Democrats said they would make an issue of the action in the fall election campaign. But Republican House Leader Charles Halleck (Ind.) said he did not think his party would be hurt by adoption of flexible supports. He predicted "on the whole" it would be helped.

Foreign Aid: Mounting Senate anger over British and French policies in Southeast Asia may lead to a drive for stiff reduction in the foreign aid bill when it reaches the floor. Chief source of trouble is a reported Allied willingness to admit Communist China to the United Nations. This has drawn heated criticism from Senate Republican Leader William F. Knowland and Senate Democratic Leader Lyndon B. Johnson.

Foundations: Rep. Wayne L. Hays (R-Ohio) said that "high" administration people "intervened to kill off stormy public hearings on tax-free foundations by a special House committee. Chairman B. Carroll Reece (R-Tenn.) announced cancellation of further public hearings Friday because of what he called Hays' "obstruction." Reece denied that GOP leaders had asked him to call off the hearings.

Pensions: The House Veterans Committee has begun a drive to try to force House vote on a bill to grant a 232 million dollar increase in compensation and pension payments to ex-servicemen and their dependents.

Norval Rose is Killed in Crash

Norval Rose, a resident of McCormack community, near Stonefort, was killed in a highway accident at Tuscola, Ill., last night. He is employed by the state at Waukegan, and is believed to have been en route home for the Fourth, when the accident occurred.

His body will be received at the Thornton funeral home, Stonefort.

His wife, the former Julia Baker, and four grown children, Billy, Betty, Helen, Phyllis, survive.

Mrs. Rose is a sister of Mrs. Paul McSparin and of Mrs. Homer McSparin, Carrier Mills.

Highway Worker Dies of Burns

WATSEKA, Ill. (U)—One state highway worker died of burns and two others were seriously injured after a tank of cement treating fluid exploded on U. S. 24 a few miles west of here Friday evening.

Balser M. Weppner, 64, Buckley died in Iroquois County Hospital four hours after the accident. Henry Rutherford, 45, Springfield, Willard Anderson, 30, Watseka, were reported in "fair" condition at the hospital late Friday. Both suffered third degree burns.

NEA to Hold 1955 Convention in Chicago

NEW YORK (U)—The National Education Assn. today selected Chicago as its convention city for 1955.

Rites at Rosiclare For 5-Year-Old Girl

Five year old Beth Hobbs, daughter of Mr. and Mrs. Ray Hobbs, Rosiclare, who died at 4 p. m. Friday, was buried today at Fluorine cemetery. The Rev. Raymond Rose conducted the funeral service.

House-Senate Conferees To Thrash Out Differences In Tax Reform Measure

WASHINGTON (U)—House-Senate conferees today began to thrash out differences in the administration's tax reform bill.

The Senate passed the massive bill late Friday by a vote of 63 to 9 after five days of debate. The House approved it March 18.

The measure now goes to a House-Senate conference committee for adjustment of hundreds of differences. The chief one developed because the Senate scrapped nearly all of the administration-backed provision to give tax relief on corporation stock dividend income.

Pressure Expected

Sen. Walter F. George (Ga.), senior Democrat among the Senate conferees, told reporters he expects heavy administration pressure to salvage at least part of the provision. He also said a compromise is likely.

The bill calls for the first sweeping overhaul of federal tax laws in 50 years. It contains provisions giving income tax cuts to groups of individuals such as working widows with child care expenses, retired persons and families with heavy medical expenses.

It also contains many more controversial disputed provisions aimed at stimulating business expansion and creating jobs.

The tax reductions would cost the Treasury upwards of \$1,300,000,000 in the current fiscal year. The Treasury will gain about \$1,200,000,000 from a provision renewing the 52 per cent corporate income tax rate for a year through next March 31.

No General Cut

Neither the House nor Senate ap-

Two Members Of Blackwood Quartet Killed

Funeral services were held at Memphis, Tenn., yesterday for two members of the famous Blackwood quartet, who died in an airplane crash. The quartet has appeared in this area and is one of the finest musical organizations in the country.

Killed along with a 20-year-old son of a Clanton, Ala., banker were R. W. Blackwood, 32-year-old baritone, and Bill Lyles, 33-year-old bass.

The funeral was attended by 4,000 persons including Tennessee Governor Frank Clement and was held at City Auditorium. It was the biggest funeral ever held in Memphis and the first to be held in the auditorium, which was packed by the quartet once a month.

The plane crashed at Clanton, Ga., when young Blackwood made a trial flight to the airport there, where the whole quartet planned to arrive via plane after night, to sing at a peach festival program.

His father, James Blackwood, member of the quartet, who stood beside the hanger and saw the crash, said that he believed that R. W. Blackwood, the pilot, blacked out, because he had flown a great deal and had always said he would rather hit a brick wall than to pull back on the stick when he was having difficulty in landing. The plane hit the ground the second attempt to set down on the airstrip and burst into flames.

Wm. Irvin, 77, Of Galatia Dies

William Irvin, 77, Galatia, a retired coal miner, died at 5 a. m. today at the Pearce hospital, Eldorado.

His body is at the Courtney funeral home awaiting arrangements for the funeral, which will be made by a stepson, Bobby Imhoff, who had gone to Peoria to seek employment, when notified of the death of Mr. Irvin.

A son, William, also resides in Galatia, which is also the home of Ed Irvin, one of three brothers. Herman Irvin, who lives in Arizona and Guy Irvin, are the other two brothers.

Anti-Trust Suit Filed Against United Fruit Co.

NEW ORLEANS (U)—The United Fruit Co., favorite target of the ousted pro-Roosevelt government of Guatemala, today termed as "groundless" a federal anti-trust suit charging it with controlling almost all Central American banana land.

The suit, filed in Federal District Court here Friday, accused the five billion dollar company of monopolizing and restraining interstate and foreign trade, and violating the Sherman Anti-Trust Act and Wilson Tariff Act.

Predict 430 Will Die By Monday Night

Federal Fireworks Law Expected to Cut Deaths, Injuries

By United Press

Traffic fatalities mounted slowly today on the first full day of the July 4th week end, but safety experts said an all-time record for a three-day Independence Day holiday was in sight.

A United Press survey since 6 p. m. Friday showed 19 traffic deaths and 2 drownings reported. Four members of one family were killed when their car collided with an empty bus near Mahwah, N. J., early today.

However, the National Safety Council pointed out that early traffic fatalities had not yet been counted and a tragic upswing was expected.

Predict 430 Deaths

The council has predicted that 430 persons will be killed in traffic accidents before the holiday ends at midnight Monday.

This toll would soar far above the last July 4th record for a three day holiday, the 356 deaths in 1952. The all-time record of 490 was set in 1950's four-day holiday.

Traffic accidents were expected to start climbing today as millions of motorists set out for beaches, resorts and vacation spots. The Safety Council has estimated that 40 million cars will jam the highways during the holiday.

Fair, hot weather over much of the country swelled the motorists' ranks. A 100-degree heat wave bled the South from the Mississippi River into Alabama. It was almost as hot in parts of the Southwest, and 90-degree readings were common from the Rockies to the Appalachians and as far north as northern Illinois.

Fireworks Burn Boy

A new federal interstate shipment law was expected to cut down deaths and injuries caused by fireworks. However, holiday explosives had already claimed a victim and caused arrests.

In New York two 18-year-old youths held a 9-year-old boy as they exploded a bootleg "cherry bomb" in his pocket. The youths went to court and the boy, Stephen Tierney, was severely burned.

The Railway Express Co. at Pittsburgh, Pa., refused to deliver more than 20 packages of fireworks because consignees could not produce city permits.

In the Chicago area three men were arrested on charges of illegal sale of fireworks and another man, James E. Lorentz, 26, Hale's Corners, Wis., was charged in Illinois' Lake County with illegal possession and sale of fireworks.

Mrs. Chas. Garrett Dies Near Eldorado

Mrs. Flora Garrett, 68, widow of Charles Garrett, died at the home of a son, Estil Garrett, two miles northeast of Eldorado, at 8 o'clock Friday night.

Her body will lie in state at the Bean and Tanner funeral home until the funeral service, which will be held at 3 p. m. Sunday at Wesley Chapel. The Rev. Eula Sanders will conduct the service and burial will be at Palestine cemetery No. 2, at Omaha.

Surviving are the son, Estil; two sisters, Mrs. Nola Davis, Eldorado, and Mrs. Tena Endicott, Pekin, Ill., and four brothers, Harry Utley, Robert Utley, and Ruby Utley, Omaha, and Don Utley, Perryssburg, Ohio.

Double Holiday This Week End

Harrisburg joins tomorrow in the celebration of a double holiday in observance of Independence Day.

Since July 4 falls on Sunday this year, Monday, July 5, will be the legal holiday here. On Monday all businesses that close on holidays will not be open.

There will be no Monday issue of The Daily Register.

The Weather

ILLINOIS: Partly cloudy tonight, thundershowers extreme north and more widely scattered evening thundershowers south, central. Sunday partly cloudy, scattered afternoon and evening thundershowers. Somewhat warmer extreme north, continued hot and humid south, central. Low tonight 70-75 south. High Sunday 95-100 south.

Gov't Can't Deliver Forever, Benson Warns in Interview on Milk Surplus

By GAYNOR MADDOX
NEA Food & Markets Editor

WASHINGTON—(NEA)—Like
every other head of a family, Ezra
Taft Benson, Secretary of Agricul-
ture, is troubled over the price of
milk and other dairy products. He
wants those prices to come down.

But, despite record milk output
in the face of declining consump-
tion, many in the dairy industry
want prices to stay up and want
them backed by high, rigid govern-
ment supports. Benson is shoot-
ing for lower, more flexible sup-
ports. He feels the industry ex-
pects the government to hold the
bag, and he has dug in his heels
for a fight.

Daring the wrath of the dairy
producers makes it just about com-
plete for the Secretary, since he
has only recently slipped onto such
staple crops as wheat, corn and
cotton the stiffest acreage controls
in the history of the price support
law.

Under his newly announced
sharply, he not only plans to cut
subsidies into 1955 acreage allot-
ments for the support crops, but
he would bar farmers from shift-
ing output from one high-priced
support crop to another. The
farmers haven't looked at anything
as tough in a long time.

Benson's firm approach was in-
dicated pretty concretely earlier
this year when he ordered lower
supports for dairy products. So
what's happening now should be
no surprise.

In an exclusive interview, he
told NEA how he sees the dairy
part of the problem.
"I see no reason why one branch
of agriculture should receive more
preferential treatment from Gov-
ernment than one child in a family
should receive more love and at-
tention than his brothers and sis-
ters."

The parallel was an easy one
for him. He was sitting in his of-
fice flanked by the framed photo-
graphs of his six children—four
girls and two boys. He went on:

"The dairy picture has been

AT SOURCE OF SURPLUS: Secretary of Agriculture Ezra Benson
demonstrates his dairy knowledge at State College, Pa.

over-emphasized. The industry is
thinking in political terms, not in
terms of cold economics and over-
all national welfare.

He pointed out that while small-
er amounts of dairy products are
being consumed, the flow of milk
from our farms is increasing and
the government is forced by law
to buy large volumes of these pro-
ducts.

"On April 1 of this year, the
government owned enough butter
to supply consumers for three and
a half months, enough cheddar
cheese for six months, and nearly
a year's supply of non-fat dry
milk," the Secretary said. "The
private dairy industry is tending
to dump its products on govern-
ment, instead of trying to sell them
to consumers on a free enterprise,
competitive basis."

He added:
"I am positive—and I am a
dairy farmer of long experience
myself—that had the industry
tried to do a selling job for them-
selves, a job comparable to the
one done by the soft drink and
frozen orange juice manufacturers,
the government would not have
been forced to buy more than 1-
600,000,000 pounds of dairy pro-
ducts between April, 1953, and
April, 1954."

Benson's face darkened as he
thought this over, out loud.
"Don't they realize the govern-
ment can't deliver forever?" he
asked. "If by a vigorous selling
effort, the industry could get ev-
eryone to drink just a quarter of
a glass more a day, there would be
no milk surplus."

The most controversial figure in
President Eisenhower's cabinet,
Benson is physically strong, poised,
and greets his callers with Western
friendliness. But as he talks, his
reliance on religious guidance and
economic common sense becomes
manifest.

The President is backing his Sec-
retary's unpopular farm program
100 per cent. Said Benson:

"He told me the other day that
foreign affairs and agriculture are
his two major interests. Despite
all the rumors you hear—and I'm
sure you are hearing many—I am
not resigning. However, if the
President wants me to go, all he
needs to do is pick up the phone
and tell me."

He smiled. "I would be much
happier back home. But I know
it is a great honor to be able to
serve my country. So I am stay-
ing. You see, I have learned to
resist pressure."

Discussing his April 1 action in
reducing dairy supports from 90
to 75 per cent of parity, Benson

said he felt the move justified by
the vast accumulation of dairy
stocks.

"Too much government buying
tends to dry up private channels,"
he added. "The trade loses incen-
tive. I am convinced that lower
and flexible price supports are
economically sound. They will
bring down the price of dairy pro-
ducts enough to encourage the
public to buy more of them. At
the same time the industry will be
strengthened and freed from gov-
ernment influence."

On June 15 the House Agricul-
ture Committee voted to boost sup-
ports to 80 per cent of parity. Asked
if things like that gave him
ulcers, Benson replied:
"Well, not yet, anyway. But
frustrating, yes, it is."

He acknowledges he is on a hot
spot in Washington.
"The first six months were the
worst," he said. Glancing at the
family pictures on his desk, he
admitted quietly, "But that was when
I was alone here before my family
arrived."

Build Temporary Cribs for Corn

You are in a position to help the
tight corn storage situation this
year by building new or temporary
cribs on your own farm.

C. S. Walters, forest products re-
searcher at the University of Illi-
nois College of Agriculture, says
that you can make an inexpensive
circular crib of native hardwood
lumber. The plan was developed
jointly by the departments of agri-
cultural engineering and forestry.

You can either get this crib pre-
cut at one of the small sawmills
in the state or you can have wood
custom-sawed from your own farm
woods and build it yourself with a
simple, homemade jig.

The plan shows a 900-bushel crib
built from 16 three-foot wall panels
12 feet high which make the crib
about 16 feet across. It is easy to
vary the size somewhat by adding
or taking away panels.

Panels are made from 12-foot
1 x 4's spaced two inches apart.
Number 2 galvanized wire holds
them in place. You can make the
panels easily on the ground, using
two forms to space the boards and
a wire spacing guide to get the
wires stapled in the right position.

You can put in a ventilator shaft
if you want. You can use a
gable roof or a tarpaulin or rein-
forced building paper for a more
temporary covering.

You can get the plan by writing
to the College of Agriculture, Ur-
bana, for Plan No. 495, "Circular
Corn Crib of Native Lumber," and
Forestry Note No. 8.

Hearty Breakfast Helps Prevent Accidents

CHAMPAIGN, Ill. — (CP) — A
good breakfast can prevent acci-
dents, the University of Illinois
says.

Gordon McCleary, executive sec-
retary of the Illinois Rural Safety
Council, reports that an analysis of
farm accidents indicate often "that
it all began at breakfast."

"Whether a poor breakfast starts
the victim on an all-day grouch,
or fails to cure one he already has,
it's often the beginning of an un-
fortunate chain of events," a uni-
versity extension service release
said of McCleary's report.

McCleary reported that the man
who goes to the field with a grouch
doesn't have much patience and
may take foolish chances.

"That increasingly costly cup of
coffee may be pretty cheap insur-
ance against an accident when it
helps to start the breadwinner off
on a good day," the university bul-
letin said.

Use Protective Fumigants or Powder on Wheat

Protective powders or fumigants
will help to prevent insects from
damaging the wheat you are stor-
ing on your farm this year.

Steve Moore, extension entomolo-
gist at the University of Illinois
and the State Natural History Sur-
vey, says it is important to protect
wheat from grain insects, because
the insects are most active during
the warm months—at the time the
wheat is being stored.

Protective powders are useful in
preventing infestations, while fu-
migation can be used both to pre-
vent an infestation before it starts
and to control one that has started.

Moore recommends using protec-
tive powders where the grain is to
be stored near sources of infesta-
tion, such as feed rooms, feeding
floors or poultry houses. These
powders contain pyrethrin and pi-
peronyl butoxide or other activa-
tors that will increase killing pow-
er. And they are simple to use.
They may be mixed with wheat in
combine hoppers or as it is being
elevated into the bin.

If you don't use a protective po-
wder, fumigate new grain within
two to four weeks after it is bin-
ned. A fumigant should also give
adequate protection if you are stor-
ing clean, dry wheat in a clean,
tight bin away from sources of in-
festations.

The following mixtures are some
of the chemicals that are relatively
safe to use in fumigation: 3 parts
of ethylene dichloride to 1 part of
carbon tetrachloride; 1 part of car-
bon disulfide to 4 parts of car-
bon tetrachloride; or a 60-35-5 mix-
ture of carbon tetrachloride, ethy-
lene dichloride and ethylene dibro-
mide. These fumigants should be
bought ready-mixed.

Grain stored and treated in either
of the two ways will usually
stay free from insects for 9 to 12
months. But it will be a good idea
to inspect all wheat at regular in-
tervals, particularly during the
warm months, and to fumigate if
necessary.

Named Soil Conservationist Trainee Here

Albert P. Seyer

Albert P. Seyer, who received a
bachelor of science degree in June
from the College of Agriculture
at the University of Missouri, has
been appointed Saline County Soil
Conservationist trainee and will be
working under the guidance of the
local Soil Conservation Service per-
sonnel.

His major studies were in soils
and field crops at the University
of Missouri.
Albert was born and reared on a
farm in southeast Missouri and
his family still lives on a farm near
Oran. The results of hard work
and planning, along with the prac-
tical guidance of his father on a
diversified type of farm enabled
him to develop knowledge and in-
crease his faith in the future of
farming.

During the past two summers,
Albert trained in Illinois, in Jack-
son and Bond counties respectively.
His training with the Soil Conser-
vation Service along with his back-
ground as a Missouri farm boy has
been the basis for his intense inter-
est and education in the field of
agriculture and the satisfaction ob-
tained in working with farm folks.

During World War II, Albert
served more than two years with
Uncle Sam's Navy, most of this
time in the South Pacific. His edu-
cation was interrupted in 1950
when he was recalled to active duty
for 16 months. Much of this time
was spent in the Far East aboard a
Navy L. S. T. By his travels he
has developed a deeper apprecia-
tion for farm folks and the prob-
lems involved in agricultural work.

4-H Club News

The fifth meeting of the Jolly
Workers 4-H club was held at the
home of Mrs. Elizabeth Gaskins.

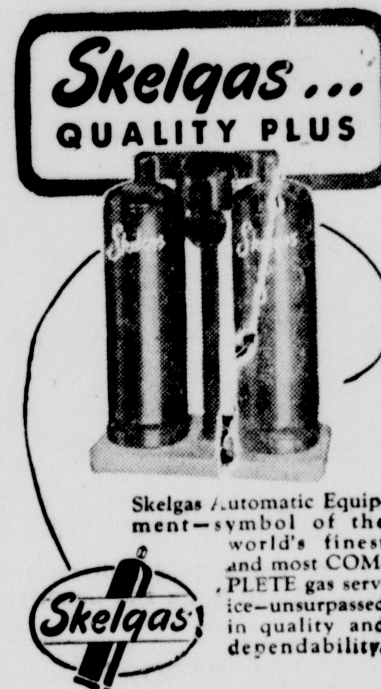

The meeting was called to order
by the president, Rita Davenport,
and the roll call was made and
minutes read by Janet Hart, sec-
retary and treasurer.

Each girl showed her ability to
sew on the machine. Some of the
girls had completed their stoles
and each girl started on her skirt.

Delicious refreshments were
served by the leader Mrs. Gaskins.

Sudan grass will be a tremendous
help to dairymen who may be
short on good pasture. Plan to
seed an acre for every two cows.
Use sweet Sudan if the seed is
available. Seed at the rate of 25
to 35 pounds to the acre at or
soon after corn planting time.

Forestry Camp August 8-14

CHICAGO, May 10—The 1954
Illinois Farm Boys Forestry Camp
will be held August 8-14 at the
Southern Illinois 4-H camp, West
Frankfort, it was announced by
Ray Hunter, director of natural
resources for the Illinois Agri-
cultural Association.

Dates for the third annual camp
were set at the spring meeting of

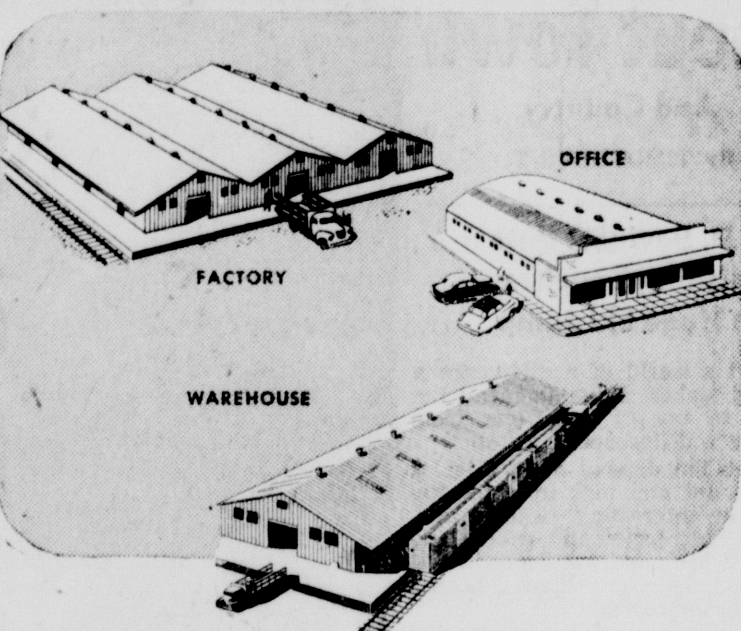

the Illinois Technical Forestry As-
sociation at Beardstown.

The Forestry Camp is sponsored
by the ITEA in cooperation with
other groups interested in Illinois
forest resources. Hunter serves
as camp director.

The Forestry Association also
discussed the establishment of
demonstration forests in Illinois
and the possibility of a published
history of forestry development
in the state.

Mr. and Mrs. J. Wilburn Davis to Celebrate Golden Anniversary Sunday

Mr. and Mrs. J. Wilburn Davis, 115 West South street, will celebrate their Golden Wedding anniversary Sunday, when the first annual reunion of the Davis family will be held. The reunion will begin with a picnic lunch at the Harrisburg Township park, after which there will be informal visiting at the Davis residence. The picnic will be held at noon, and will be followed by special entertainment, including a magic show by C. C. Porter.

Visiting in the Davis home will be later in the day, when it is hoped that the weather will be more comfortable.

Mr. and Mrs. Davis were married on July 6, 1904, at the home of the Rev. John Odum, a Baptist minister, who performed the wedding ceremony. Several relatives and friends were present and included among that number were some younger folks who are well known in this city.

These were Mrs. Nina Luckett, Mrs. Cora Cummins, Mrs. Bob Burnett, Mrs. Cyrus Steinsult, Mrs. Grace Davis, Mrs. Nellie McShannon, Mr. and Mrs. T. D. Morton, Louie Strickling, Mrs. Jessie Wiley, and Mrs. Ola Ghent. Mrs. Ghent is a sister of Mrs. Davis and Mr. Morton, who was a witness at the ceremony, now resides in Marmaduke, Ark.

Mrs. Davis is the former Sarah Ann Hawkins, daughter of the late Dr. Leroy Hawkins and Mrs. Lorinda Cook Hawkins. Mr. Davis is the son of the late Thomas Jefferson Davis and Mary Morton Davis.

He was one of 15 children, all of whom lived to be grown but two and of whom four are living now: Mr. Davis, his sister, Mrs. Charles Berry, Detroit, and two brothers, W. W. Davis, Big Ridge and Harley Davis, Eldorado.

Mr. and Mrs. Davis have seven children, five boys and two girls, and there are 14 grandchildren and two great-grandchildren. Their sons are Kenneth, Roger and George H. Davis, Harrisburg, John, Galatia, and Champ Davis, Springfield. The daughters are Mrs. Dorothy Ann Johnson, and Mrs. Carl (Nina Lea) Travis. The latter, from New Iberia, La., with her husband and daughter, Mrs. Wayne Buckner, Desloge, Mo., and the latter's two children, Wallace Buckner, Desloge, and Mrs. Eugene (Carolyn) Gibson, New Iberia, will be here for the reunion and anniversary, representing the fourth generation.

Mr. Davis was a school teacher as a young man, and after serving for a while as check weighman for a coal company, and clerking at a lumber yard, was elected County Clerk in 1910. After that he was in the grocery business with his brother, B. F. Davis, until 1915.

Miss Velma Ruth Stovall Weds Delman Bradshaw

Mr. and Mrs. Walter Stovall of Eldorado are announcing the marriage of their daughter, Velma Ruth, to Delman Bradshaw of Raleigh. The wedding took place at 7:30 p. m., June 29, at the home of the bride's parents with Rev. Clayton Humphrey officiating.

The bride was attended by an aunt, Mrs. Myrtle McClusky, and the bridegroom's brother, Donald Bradshaw, served as best man.

Those from out of town attending the wedding were the bridegroom's parents, Mr. and Mrs. George Bradshaw, his grandmother, Mrs. Maude Bradshaw and Mrs. Nettie Smith, and Donald Bradshaw of Raleigh. Mr. and Mrs. Robert Quick, Mary Beth and Bobby Quick of Tamm, Mr. and Mrs. Duane McClusky and Miss Rita Rice of Harrisburg.

After the reception, which followed the beautiful and impressive double ring ceremony, the couple left for a wedding trip of undisclosed destination. Upon returning the bride will make her home with her parents while the bridegroom will go to his base at Camp Chaffee, Ark., where he will attend school for the next few weeks.

Mr. and Mrs. Temple Cummins and her daughter, Mrs. Ruth Vaughn, and daughter, Gail, accompanied by Earl Cummins, have returned from Minneapolis, Minn., where they visited the J. T. Smith family and where Earl Cummins enjoyed pike fishing.

Mr. and Mrs. Jack Dennis, who moved to Metropolis from Harrisburg a few months ago, visited Mr. and Mrs. Paul McSparrin in this city this week, while en route home from a vacation trip to Florida.

Mr. and Mrs. Bill Melton and daughters, MoGene and Susie, have returned from a visit in Holland, Mich., with Mrs. Melton's brother and sister-in-law, Mr. and Mrs. Don Shaver. They were accompanied back to Eldorado by her mother, Mrs. Maud Shaver, who had been visiting in Holland the past month.

Mrs. Emma Sleet entered the Harrisburg hospital Friday, for medical treatment.

Joan Crawford and Sterling Hayden take cover, in a scene from Republic's "Johnny Guitar," in Trucolor, to show at the Grand Sunday, Monday and Tuesday.

Oil Activity Picks Up; 24 Operations in County

(Continued from Page One)

tom hole pressure of 500 pounds. The Cypress 2572-78 tested 680 feet of gas, with 45 feet of oil mixed mud and a bottom hole pressure of 750 pounds.

Their No. 1 Bootin Heifs, a north offset, is still a location to be drilled in the next few days.

John Stelle and Associates are not drilling any new holes this week. Their No. 1 Claude Brown, just west of Eldorado, is being put on a production test in the Aux Vases sand 2860-72 after swabbing 17 barrels oil per hour right after fracturing. The No. 2 Brown is still a location. Also a location not yet drilled is the Choiser-Cole community in the same area owned by Stelle and Associates.

Well Again Plugged

Their No. 3 John J. Jones, SE NE SW is awaiting cable tools to clean out and complete in the Waltersburg, Paint Creek and Aux Vases sand.

On the north edge of Eldorado, Nash Redwine and associates are digging ahead at 2800 after coring the Cypress sand and recovering no oil saturation on their No. 1 Dora Stinson.

The old abandoned hole on the George Watson farm in the north-east corner of 18-8-7e, reopened last week by Pen Drilling Company and Frank King, both of Mt. Vernon, has once again been plugged after recovering no free oil in the Tar Springs sand 2225-45 following a 40 quart shot of nitro.

Three miles east of Eldorado, Miami Operating is digging ahead at below 2940 on its No. 1 Stanley Edmister et al. SE SE SW, 13-8-7e, and Ashland Oil and Refining No. 1 Patton-Mathias unit, one half mile northwest in 14-8-7e is a location to be drilled right away.

Stake New Location
Miami Operating also is drilling a test on the Robert Bertino farm in section 26-8-7e, a little less than one half mile from G. L. Reasor's production two miles east of Eldorado.

G. L. Reasor's No. 2 E. C. Scott, NW NE SE, 23-8-7e, in the same area is awaiting cable tools to clean out and test the Cypress sand 2526-55. They have staked locations in the same area to drill the No. 1 Melton and No. 1 George Shaver et al. Both are in 23-8-7e.

Three miles south of Harrisburg, Joe Ashoff is fishing for tools lost in the hole on his No. 1 A. L. Smith, SW SW SW, 2-10-6e at a total depth of 1360. They expect to bottom the hole at about 1400 feet somewhere in the Waltersburg sand.

In 35-7-6e, Calvert Drilling has staked a new location on the No. 4 Ben Davis "A" four miles northwest of Eldorado.

In 15-8-6e, George and Wrather are moving in tools to start drilling on their No. 1 Mable Stronce, NW SE NW, on the north edge of Galatia, a three mile wildcat.

Calendar of Meetings

The Handicraft club of the Town and Country Home Bureau unit will meet Tuesday at 7 p. m. at the home of Mrs. Vera Vaughn, 1103 South Granger.

All singers and the public are invited to attend the Saline County Singing Convention to be held Sunday at 1:30 p. m. at Sulphur Springs Baptist church. The service will be a memorial to Horace M. Ferrell, founder of the convention, and will be preceded by a basket dinner at noon.

The Birdwell school reunion, held annually at Birdwell school two miles west of New Burnside, will be held Sunday. Two ministers, the Rev. Benny Holmes and the Rev. Loretta Harper, will have a part on the program. Former pupils of the school are usually present with their families.

The Milligan family reunion will be held Sunday at Herod. The Rev. Joseph Milligan will be the main speaker in the afternoon.

Students from the Harrisburg Township high school will be in charge of the W. C. T. U. broadcast from WEBQ at 7:45 p. m. Monday, July 5.

AEC Urged to Hold Off Signing Private Power Contract

WASHINGTON (AP)—The Senate anti-monopoly subcommittee has urged the Atomic Energy Commission to hold off signing a private power contract pending an investigation of the controversial transaction.

The subcommittee said the contract with a private utility syndicate for power in the Tennessee Valley might cost the government more than \$8 million dollars.

The three members of the subcommittee present at a closed hearing Friday—Chairman William Langer (R-N.D.), Sen. Estes Kefauver (D-Tenn.) and Sen. Harley M. Kilgore (D-W. Va.)—voted unanimously for a resolution urging the AEC to delay either signing or negotiating the contract.

The resolution declared the contract, ordered by President Eisenhower last month, might not be the result of free competition and might be "contrary to the public interest."

Rites at Eddyville Sunday For Mrs. Grace King

The body of Mrs. Grace King, who died Thursday at Battle Creek, Mich., arrived today in Harrisburg, enroute to Eddyville, her former home, where the funeral and burial will take place Sunday, at Old Home church and cemetery.

White House Wedding
First wedding held in the White House was during the administration of Madison, when Miss Todd, a relative of Mrs. Madison, became the bride of Rep. John G. Jackson of Virginia.

About Town And Country

(Continued from Page One)

and the back end will go two feet into the water.

Mr. Bovinett designed the ski jump himself. He had never seen one but when Lee gave him an idea of what he wanted, Mr. Bovinett put the idea down on paper, then went to work.

This portable jump can be levelled off for transporting by the turn of a crank. It will be hauled to and backed into the water until it floats. Then it will be disconnected from the vehicle and pulled by motorboat to the place where the ski jumps will take place. Next it will be anchored down by concrete.

Before each show the surface will be covered with melted paraffin. Then the aquatic skier will be pulled by motorboat to the jump, where he will zoom upward and then outward into the water. It should be quite an act.

Looking it over carefully, I believe every city fire department should own one. It could be pulled to the scene of the fire by the fire truck and be used for people to slide down out of second story windows.

Besides this accomplishment, Mr. Bovinett has made many other things of iron. To begin with, he has made 14 television towers, the only ornamental ones in the country, he declares. He also makes ornamental iron grill work for porches and other parts of homes. He has a novel outdoor table, made of a rake wheel in which concrete has been poured and with conduit coming out of it to make a three-globe chandelier effect. He also put in a plug, to which can be connected the electric lawnmower and other devices.

Mr. Bovinett has the assistance of his son-in-law, Harold Dallas, in making all of these objects.

Jobless Claims For June Decline

WASHINGTON (AP)—New unemployment insurance claims dropped during the last part of June to the lowest weekly level since last October.

The Labor Department reported Friday that claims filed by newly unemployed workers totaled 265,000 for the week ended June 26, a decline of 3,000 from the previous week.

Nash to Play at Johnston City

The Nash baseball club will travel to Johnston City Sunday to meet the strong Merchants team of that city. The J. C. team is considered as one of the stronger clubs in this area.

J. Nolen or Parker will start on the mound for Nash with Wilson doing the receiving. Completing the starting lineup will be Shew-make 1b, Fulkerson 2b, Karnes ss, Zeigler 3b, Sisk, K. Nolen and Harrison in the outfield.

Monday, July 5, is an open date for Nash, but the following Sunday, July 11, the Marion Merchants will come to Harrisburg, playing Nash on the town park diamond.

Players making the trip to Johnston City tomorrow are requested to be at the town park diamond not later than 12 o'clock noon. Game is 2 p. m.

OKLEY HAYS AND HIS TWO-YEAR-OLD FILLY "MIDNIGHT LADY ANN," pride of his Tennessee Walking Horse stable at Herrin, the only walking horse training stable in Illinois. (Alta Porter Photo)

Tennessee Walking Horses from Hays Stable At Herrin to Appear in County Fairs

By Alta Porter
As the season of state and county fairs, with their agriculture and live stock exhibits, races and horse shows, gets into full swing this month, there will be on the turf, several representatives of the first and only Tennessee Walking Horse training stable in Illinois.

This is the Okley Hays farm and barn, Herrin. Mr. Hays is a Senior Judge in the Tennessee Walking Horse association and the American Horse association. He is a director of the National Tennessee Walking Horse Breeders association, Nashville, Tenn.

In business life, this retired grocer is president of the Federal and Loan association, Herrin, owner of the Chevrolet Motor Car agency, operated by his two sons, and is a successful farmer, who harvested 98 bushels of oats from an acre-and-a-half of ground. Grown on his farm also are red top, timothy and clover, with which to feed the 13 horses in training there.

Back in 1917 he was a buyer of horses and mules for the government. As he went about buying these animals for the Army, in World War I, he, like the early plantation owners and circuit riders, who were in the saddle from early morning to night, discovered the importance of a comfortable mount.

That importance had been given consideration by the early settlers of the prairie states, for their horses were not only used for conveyance but also for pleasure riding. Tennessee planters of cotton and tobacco developed a special breed of walking horse, three gaited, flatfoot walk, run and canter, which became recognized as the greatest pleasure horse to be ridden.

This breed received full recognition, but it was not until 1950 that an act of congress set this horse breed apart as a special American breed. In 1942 the retired grocer of Herrin.

Merchants Will Play Two Games During Week End

The Harrisburg Merchants will play two games over the holiday week end, entertaining the Carterville Stars at the town park diamond Sunday afternoon and traveling to Thebes Monday.

Gene Trammel will try to avenge an earlier defeat by Carterville and seek his third win of the season. Since joining the Merchants on May 23, Trammel has hurled 30 innings, permitting only 15 hits and striking out 28 batters.

Buzz Kennedy, the Merchants' hard-throwing southpaw, will take the hill against Thebes on Monday. Kennedy has a 1-2 record, hurling 30 innings, allowing 22 hits and whiffing 19 hitters. Dick Romonosky will do the receiving for both games.

The Merchants, who have been sorely hurt because of the lack of reserve strength, promise to be a lot stronger for the remainder of the season with the return of Tom Dunbar and the addition of Lou Elms and Val Gribble. The locals have a strong July schedule set up, entertaining a semi-pro team from East St. Louis twice and possibly the Mayfield Blackhawks.

Eldorado Merchants To Play Earlington

Nine at Raleigh Sunday

The Eldorado Merchants will play the strong, hard-hitting Earlington, Ky., colored team Sunday at the Raleigh town park diamond located in front of the school house in Raleigh.

It is reported that Earlington has the best colored team in western Kentucky. The Eldorado team will be made up from the following players: Flash Griffith, Malone, Edwards, James, Pulliam, Thaxton, Cooley, Beasley, S. Griffith, Hagen, Yarber, Woolard and Orto.

Game time will be 2:30. There will be no admission charge.

Abe Martin Steps Down as SIU Athletic Director; To Continue as Baseball Coach

CARBONDALE, Ill. — An era ends this week at Southern Illinois university when Glenn "Abe" Martin steps down as athletic director and assumes new duties in an expanding program.

Martin, only the third athletic director in the 80-year history of athletics at Southern, will be succeeded by Carl C. Erickson, former Boston University football star.

Under Martin, who took over the reins when the late William McAndrew died in 1943, the university athletic program expanded to include cross country, 1946, baseball and golf, 1947, and wrestling, 1950. There had been earlier golf and baseball teams, but the sports had been abandoned for many years.

Abe played on the 1925 Fairfield high school football team, the first to win a North Egyptian conference title, and on McAndrew's Little Nineteen championship team in 1930. He played one season with the Chicago Cardinals and then began his coaching career at Fairfield high school. In three seasons there he won two conference football titles and three straight regional basketball crowns.

After seasons at Pontiac and Princeton, Martin joined the SIU staff in 1938 as assistant football coach and became head coach the next year. His 1945-46 basketball team won the IAC title and the National Intercollegiate basketball championship at Kansas City. In 1947 he led his football team to the IAC crown and the first Corn Belt title at Bloomington. He won the IAC baseball race with his 1952 team.

Martin, envisioning an even brighter future for Southern athletics because of an expanding enrollment, will continue as baseball coach at SIU and in addition will head two new departments.

Dobson Resigns as Red Sox Coach

BOSTON — Joe Dobson, Boston Red Sox pitching coach, resigned Friday night to "settle down and get away from traveling so much."

Dobson told Manager Lou Boudreau he had no immediate plans. Dobson, 37, pitched eight seasons for the Red Sox before being traded to the Chicago White Sox in 1951.

Indians and Giants Extend Leads; Will Play in Series If Tradition Holds True

By FRED DOWN

United Press Sports Writer

It'll be the Cleveland Indians opposing the New York Giants in the richest World Series of them all this year if baseball tradition holds true.

The "rule of thumb" — which has held more than 50 per cent of the time — states that October's World Series rivals will be in first place on July 4 — a station which both the Indians and Giants now are mathematically certain to occupy.

The Indians assured themselves of being in first place on Sunday night when they opened up a 4½ game lead in the American League with a 3-2 and 5-4 sweep of the Chicago White Sox Friday night while the New York Giants were also certain of being in first place when they took a five-game lead in the National League with a 9-5 win over the Pittsburgh Pirates.

A World Series between the Indians and Giants always has been regarded as the "dream series" because Cleveland and New York have the largest seating capacities in their respective leagues. Cleveland's capacity is slightly more than 85,000, the Giants' 50,000.

Toast For Feller

The Indians, who opened up their biggest lead of the season and also dropped the White Sox into third place, had a special toast for Bob Feller, who finally crashed the "top 10" among modern big league winners. Feller's four-hit triumph in the opener gained him the 25th victory of his career.

Early Wynn survived two late Chicago rallies to score his ninth victory in the nightcap and give the Indians a 6-5 season's edge

In Memoriam
In loving memory of our dear husband, father and grandfather, Dan Doolin, who departed this life, July 5, 1952.
Often a lonely heart aches,
There's many a silent tear,
But always a beautiful memory
Of the one we loved so dear.
He was always so true, unselfish and kind,
Few in this world his equal you will find.
A beautiful life that came to an end,
He died as he lived, everyone's friend.
Sadly missed by wife, Mrs. Alie Doolin, Children and Grandchildren. *61

Free Invited to U. S. for Consultations On Korea's Future

WASHINGTON (UP)—The State Department has invited South Korean President Syngman Rhee to come here for "consultations" on his country's future, it was reliably learned Friday night.

The State Department declined to comment.

But informed sources said the invitation was sent to the South Korean leader as a result of the failure of the Geneva conference to work out a Korean solution.

Rhee agreed last August with Secretary of State John Foster Dulles to undertake new talks before any future action is taken in the stalemated Korean settlement.

World Council of Churches Announces Prayer Writing Contest

CHICAGO (UP)—The World Council of Churches announced a prayer writing contest open to "all interested persons" to commemorate the festival of faith in Soldier Field, Chicago, Aug. 15.

Entries of not more than 150 words are to be submitted to the World Council assembly committee, 8 South Dearborn St., Chicago 3, Ill., by midnight Aug. 1.

The winning prayer will be published in secular and religious publications.

The Soldier Field festival will be sponsored by the WCC, which also will hold its second assembly in Evanston, Ill., Aug. 15-31.

Nash to Play at Johnston City

The Nash baseball club will travel to Johnston City Sunday to meet the strong Merchants team of that city. The J. C. team is considered as one of the stronger clubs in this area.

J. Nolen or Parker will start on the mound for Nash with Wilson doing the receiving. Completing the starting lineup will be Shew-make 1b, Fulkerson 2b, Karnes ss, Zeigler 3b, Sisky, K. Nolen and Harrison in the outfield.

Monday, July 5, is an open date for Nash, but the following Sunday, July 11, the Marion Merchants will come to Harrisburg, playing Nash on the town park diamond.

Players making the trip to Johnston City tomorrow are requested to be at the town park diamond not later than 12 o'clock noon. Game is 2 p. m.

Tennessee Walking Horses from Hays Stable At Herrin to Appear in County Fairs

By Alta Porter
As the season of state and county fairs, with their agriculture and live stock exhibits, races and horse shows, gets into full swing this month, there will be on the turf, several representatives of the first and only Tennessee Walking Horse training barn in Illinois.

This is the Okley Hays farm and barn, Herrin. Mr. Hays is a Senior Judge in the Tennessee Walking Horse association and the American Horse association. He is a director of the National Tennessee Walking Horse Breeders' association, Nashville, Tenn.

In business life, this retired grocer is president of the Federal and Loan association, Herrin, owner of the Chevrolet Motor Car agency, operated by his two sons, and is a successful farmer, who harvested 98 bushels of oats from an acre and a half of ground. Grown on his farm also are red top, timothy and clover, with which to feed the 13 horses in training there.

Back in 1917 he was a buyer of horses and mules for the government. As he went about buying these animals for the Army, in World War I, he, like the early plantation owners and circuit riders, who were in the saddle from early morning to night, discovered the importance of a comfortable mount.

That importance had been given due consideration by the early settlers of the prairie states, for their horses were not only used for conveyance but also for pleasure riding. Tennessee planters of cotton and tobacco developed a special breed of walking horse, three gaited, flatfoot walk, run and canter, which became recognized as the greatest pleasure horse to be ridden.

This breed received full recognition, but it was not until 1950 that an act of congress set this horse breed apart as a special American breed.

Merchants Will Play Two Games During Week End

The Harrisburg Merchants will play two games over the holiday week end, entertaining the Carterville Stars at the town park diamond Sunday afternoon and traveling to Thebes Monday.

Gene Trammel will try to avenge an earlier defeat by Carterville and seek his third win of the season. Since joining the Merchants on May 23, Trammel has hurled 30 innings, permitting only 15 hits and striking out 28 batters.

Buzz Kennedy, the Merchants' hard-throwing southpaw, will take the hill against Thebes on Monday. Kennedy has a 1-2 record, hurling 30 innings, allowing 22 hits and whiffing 19 hitters. Dick Romonosky will do the receiving for both games.

The Merchants, who have been sorely hurt because of the lack of reserve strength, promise to be a lot stronger for the remainder of the season with the return of Tom Dunbar and the addition of Lou Elms and Val Gribble. The locals have a strong July schedule set up, entertaining a semi-pro team from East St. Louis twice and possibly the Mayfield Blackhawks.

Eldorado Merchants To Play Earlinton Nine at Raleigh Sunday

The Eldorado Merchants will play the strong, hard-hitting Earlinton, Ky., colored team Sunday at the Raleigh town park diamond located in front of the school house in Raleigh.

It is reported that Earlinton has the best colored team in western Kentucky. The Eldorado team will be made up from the following players: Flash Griffith, Malone, Edwards, James, Pulliam, Thaxton, Cooley, Beasley, S. Griffith, Hagen, Yarbber, Woolard and Orto.

Game time will be 2:30. There will be no admission charge.

Abe Martin Steps Down as SIU Athletic Director; To Continue as Baseball Coach

CARBONDALE, Ill. — An era ends this week at Southern Illinois university when Glenn "Abe" Martin steps down as athletic director and assumes new duties in an expanding program.

Martin, only the third athletic director in the 80-year history of athletics at Southern, will be succeeded by Carl C. Erickson, former Boston University football star.

Under Martin, who took over the reins when the late William McAndrew died in 1943, the university athletic program expanded to include cross country, 1946, baseball and golf, 1947, and wrestling, 1950. There had been earlier golf and baseball teams, but the sports had been abandoned for many years.

"Abe" played on the 1925 Fairfield high school football team, the first to win a North Egyptian conference title, and on McAndrew's Little Nineteen championship team in 1930. He played one season with the Chicago Cardinals and then began his coaching career at Fairfield high school. In three seasons there he won two conference football titles and three straight regional basketball crowns.

After seasons at Pontiac and Princeton, Martin joined the SIU staff in 1938 as assistant football coach and became head coach the next year. His 1945-46 basketball team won the IAC title and the National Interscholastic basketball championship at Kansas City. In 1947 he led his football team to the IAC crown and the first Corn Belt title at Bloomington. He won the IAC baseball race with his 1952 team.

Martin, envisioning an even brighter future for Southern athletics because of an expanding enrollment, will continue as baseball coach at SIU and in addition will head two new departments.

Dobson Resigns as Red Sox Coach
BOSTON—Joe Dobson, Boston Red Sox pitching coach, resigned Friday night to "settle down and get away from traveling so much."

Dobson told Manager Lou Boudreau he had no immediate plans. Dobson, 37, pitched eight seasons for the Red Sox before being traded to the Chicago White Sox in 1951.

Indians and Giants Extend Leads; Will Play in Series If Tradition Holds True

By FRED DOWN
United Press Sports Writer

It'll be the Cleveland Indians opposing the New York Giants in the richest World Series of 'em all this year if baseball tradition holds true.

The "rule of thumb" — which has held more than 50 per cent of the time — states that October's World Series rivals will be in first place on July 4—a station which both the Indians and Giants now are mathematically certain to occupy.

The Indians assured themselves of being in first place on Sunday night when they opened up a 4-1 game lead in the American League with a 3-2 and 5-4 sweep of the Chicago White Sox Friday night while the New York Giants were also certain of being in first place when they took a five-game lead in the National League with a 9-5 win over the Pittsburgh Pirates.

A World Series between the Indians and Giants always has been regarded as the "dream series" because Cleveland and New York have the largest seating capacities in their respective leagues. Cleveland's capacity is slightly more than 85,000, the Giants' 50,000.

Joe Coleman spun a three-hitter for his second shutout and ninth victory of the season as the Baltimore Orioles beat the Detroit Tigers, 2-0, and Grady Hatton's base-clearing triple in the eighth inning paced the Boston Red Sox to an 8-4 verdict over the Philadelphia Athletics in the other American League games.

Howie Pollet defeated his former teammates when the Chicago Cubs shaded the St. Louis Cardinals, 7-6, and the Milwaukee Braves swept the Cincinnati Reds, 11-4 and 2-1, in the other National League games.

Early Wynn survived two late Chicago rallies to score his ninth victory in the nightcap and give the Indians a 6-5 season's edge over the White Sox. Larry Doby homered in each game and drove in five runs during the double-header to spark the Indians' offensive.

The Yankees climbed past the White Sox into second place by virtue of their split with the Washington Senators, the world champions winning the opener, 6-5, on Yogi Berra's 11th-inning single and then bowing to Dean Stone, 7-4, in the nightcap. The victory was Stone's seventh.

Hank Thompson drove in three runs and Willie Mays and Whitey Lockman drove in two each for the Giants.

Phil's Beat Dodgers, 7-6
Robin Roberts came off of the bullpen to choke off a ninth-inning rally and give the Philadelphia Phillies a 7-6 triumph over the Brooklyn Dodgers. Del Emis' three-run homer in the eighth inning proved decisive for the Phillies.

Joe Coleman spun a three-hitter for his second shutout and ninth victory of the season as the Baltimore Orioles beat the Detroit Tigers, 2-0, and Grady Hatton's base-clearing triple in the eighth inning paced the Boston Red Sox to an 8-4 verdict over the Philadelphia Athletics in the other American League games.

Early Wynn survived two late Chicago rallies to score his ninth victory in the nightcap and give the Indians a 6-5 season's edge over the White Sox. Larry Doby homered in each game and drove in five runs during the double-header to spark the Indians' offensive.

The Yankees climbed past the White Sox into second place by virtue of their split with the Washington Senators, the world champions winning the opener, 6-5, on Yogi Berra's 11th-inning single and then bowing to Dean Stone, 7-4, in the nightcap. The victory was Stone's seventh.

Hank Thompson drove in three runs and Willie Mays and Whitey Lockman drove in two each for the Giants.

Phil's Beat Dodgers, 7-6
Robin Roberts came off of the bullpen to choke off a ninth-inning rally and give the Philadelphia Phillies a 7-6 triumph over the Brooklyn Dodgers. Del Emis' three-run homer in the eighth inning proved decisive for the Phillies.

Joe Coleman spun a three-hitter for his second shutout and ninth victory of the season as the Baltimore Orioles beat the Detroit Tigers, 2-0, and Grady Hatton's base-clearing triple in the eighth inning paced the Boston Red Sox to an 8-4 verdict over the Philadelphia Athletics in the other American League games.

Howie Pollet defeated his former teammates when the Chicago Cubs shaded the St. Louis Cardinals, 7-6, and the Milwaukee Braves swept the Cincinnati Reds, 11-4 and 2-1, in the other National League games.

Early Wynn survived two late Chicago rallies to score his ninth victory in the nightcap and give the Indians a 6-5 season's edge over the White Sox. Larry Doby homered in each game and drove in five runs during the double-header to spark the Indians' offensive.

The Yankees climbed past the White Sox into second place by virtue of their split with the Washington Senators, the world champions winning the opener, 6-5, on Yogi Berra's 11th-inning single and then bowing to Dean Stone, 7-4, in the nightcap. The victory was Stone's seventh.

Hank Thompson drove in three runs and Willie Mays and Whitey Lockman drove in two each for the Giants.

Fined
Roy Thackston yesterday pleaded guilty to a charge of driving while intoxicated when arraigned in county court and was fined \$200 and costs by City Judge L. M. Hancock, who acted as county judge.

Sunday school 10 a. m.
Morning worship 11.
Training Union 6:30 p. m.
Prayer meeting Wednesday 7:30 p. m.

The Fourth of July is a great day in the United States of America. On this date in 1776 the Thirteen Original Colonies declared their independence from the British government in which they had lost confidence. They assumed their right, as they themselves expressed it in their Declaration of Independence, to live under "the laws of nature and of nature's God."

This freedom has carried down to this very day. And that is why happy little faces, such as those in this picture, can look hopefully out from the shadow of the Stars and Stripes to safety, and justice, and law and order in government and society.

Government by the people can endure only when it is in the hands of godly men and women, of good citizens, of officers and officials who respect the Christian principles upon which all good and sound democracy is laid.

The Church and the State are true partners in democratic living. Over them both Freedom's Holy Light is a welcome and necessary beacon. A representative government in the hands of good officials protects the inalienable right of freedom of worship. And the Church builds in men the character, the moral tone, the spiritual stamina, which make them worthy of being entrusted with a free government of free people.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Pastor First Baptist Church

Vandalia, Ill.

"Jesus Our Example"

Luke 2:40-52

GOLDEN TEXT: "And Jesus increased in wisdom and stature, and in favor with God and man."—Luke 2:52.

INTRODUCTION — Child psychology has become an important field of study in recent years. Human development has been studied and expounded for the benefit of school and home. What about Christian growth and development? For the next three months our Sunday School lessons will have to do with this subject.

Are we concerned with spiritual growth? If a Christian does not grow and develop in his Christian experience, he remains a babe in Christ. Too many people become Christians and then sit down and do nothing. These people never grow. They remain in the carnal state, but never become grown spiritually. They are the trouble-makers, because they have just enough religion to make them miserable. They don't want to let go of all worldly pleasures. They are the babies in Christ which the preacher has to "burr" regularly or they will begin crying and "kicking up a fuss" to get attention. You never see a spirit-filled man or woman causing trouble. They are too busy doing good. They are growing Christians.

I. GROWTH IS NORMAL (V. 40)

Jesus grew normally in his home during those first twelve years. He was growing as any other normal, developing child would have done. This verse (40) expresses the ideal toward which all of us should strive to provide for our children: "And the child grew, and waxed strong in spirit, filled with wisdom; and the grace of God was upon him." My! What a blessing for any child to have this kind of environment provided in home-life. II. FROM CHILDHOOD TO YOUTH (V. 41-51)

We love for our children to be able to meet responsibilities. We want them to be able to take care of themselves. We are filled with pride when we see them face up to and solve problems.
